Live life in colour

Join us at the Port Macquarie Museum for an art workshop with a difference! Be inspired by the fascinating lives of people from our local history shared through photographs, objects and unique stories.

Artist Vivianne Hazenveld will help you transform traditional photo portraits into contemporary collage art. Absolutely no art experience necessary!

There will be plenty of gentle guidance, templates to get you started and a range of mixed media to choose from. Just bring a willingness to explore and wear clothes you can paint in.

Works will be shown in an exhibition & celebration for all to enjoy.

FREE! Bookings essential. Carers welcome, please book an extra spot. Join us for a single session or attend multiple workshops to experiment with different portraits or styles. Light refreshments provided.
